September 23, 2025

To: Willoughby Farms Subdivision

Subject: Roadway Improvements – Asphalt Milling

As part of the ongoing infrastructure improvements in your subdivision, milling (removal) of the existing asphalt pavement is scheduled to take place this **Thursday, September 25, 2025** and is estimated to be completed in **four (4) days**, weather pending. This work is crucial before revitalizing the existing base and paving a new asphalt riding surface.

Schedule & Work Area

Please refer to the map on the back of this letter detailing the work sequence and affected areas during this operation. Due to the scope and scale of the operations, the contractor may move more quickly or more slowly over the course of several days. Please be aware that the sequence or timing of the work that occurs on your street may change, but we will make every effort to accommodate access in and out of the subdivision.

What to Expect

- **No street parking is allowed between 7:00 AM to 6:00 PM** on streets where work is expected to be performed.
- **Active construction site** with heavy machinery and trucks throughout the subdivision.
- **Increased noise levels** and **temporary traffic disruptions** may occur.
- **Brief driveway access interruptions** as crews work past individual homes. Please communicate with the on-site staff. They are there to help.

Safety Reminders

- Please slow down and drive with caution for your safety and the safety of the workers.
- Obey all posted signs and follow flaggers' directions.
- Watch for workers, equipment, and trucks entering and exiting the roadway.

 **Stay Updated** - If you have any questions, please contact:

- **Raz Calin – Resident Engineer** at (847) 533 3013 or rcalin@cbbel.com
- Download the **"Algonquin Fix It"** app or visit our website/social media for real-time updates.

Thank you again for your patience and cooperation. With your support, this project will enhance the longevity and safety of your neighborhood and streets.

Sincerely,

Clifton V. Ganek, P.E.
Village Engineer
